Klant

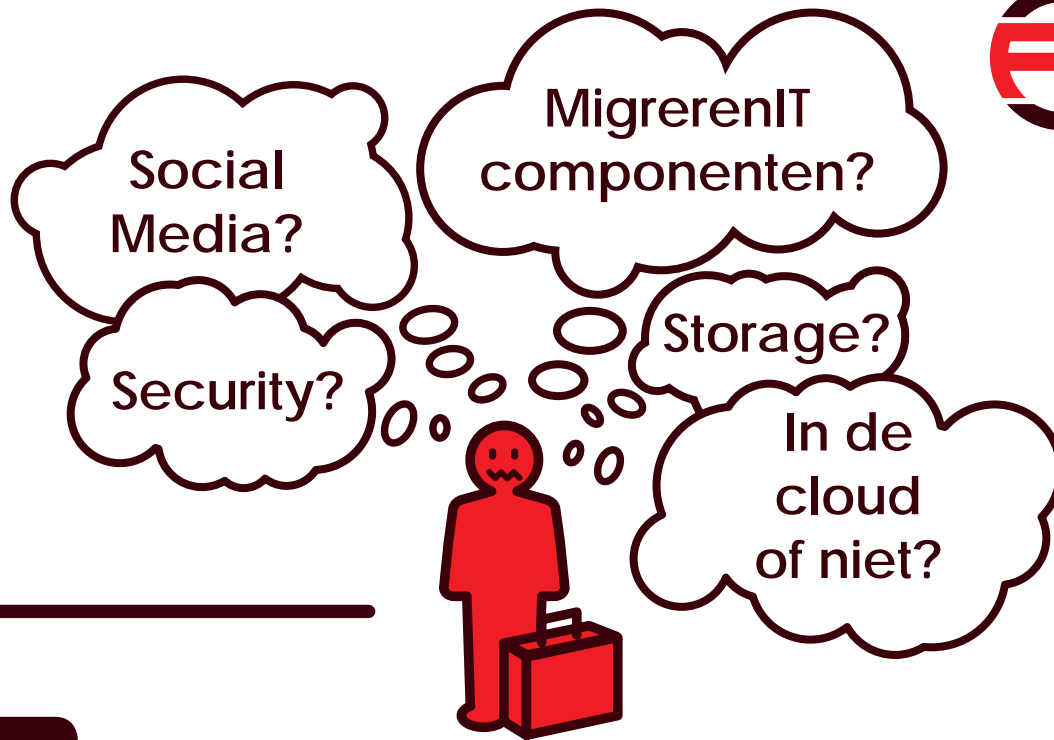

Leverancier

Leverancier levert product/service.

# Vervolgens...

De wereld wordt steeds complexer, technologische ontwikkelingen gaan steeds harder en maken grotere stappen. IT, telecom, applicaties, enz.

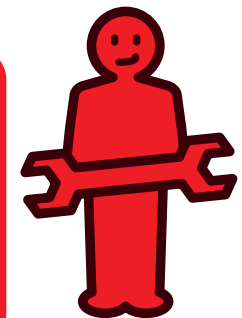

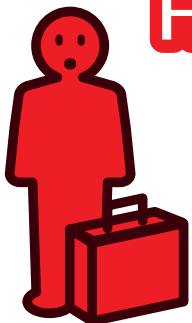

Klant

Leverancier

**HELPUUP!!**

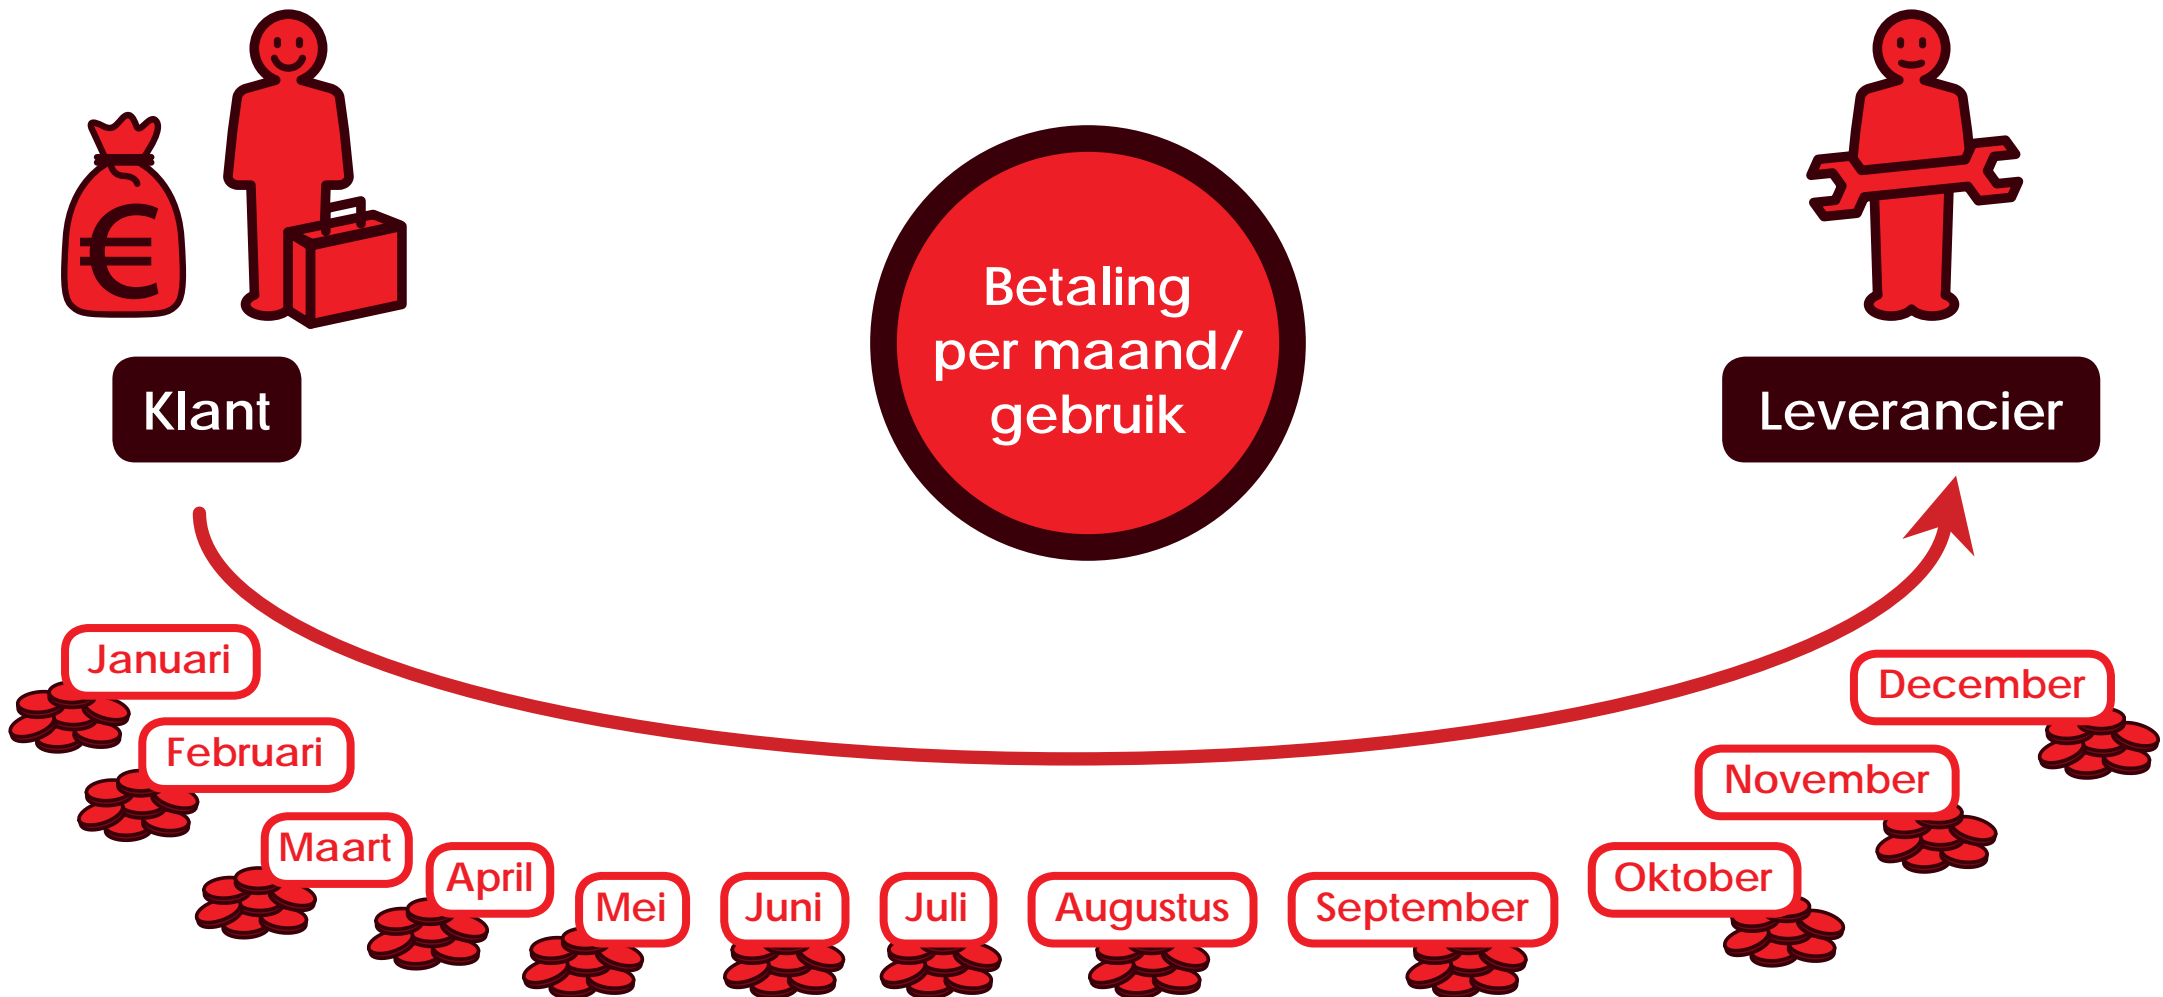

Dus...

Klant verwacht expertise en ontzorging van leveranciers(s).

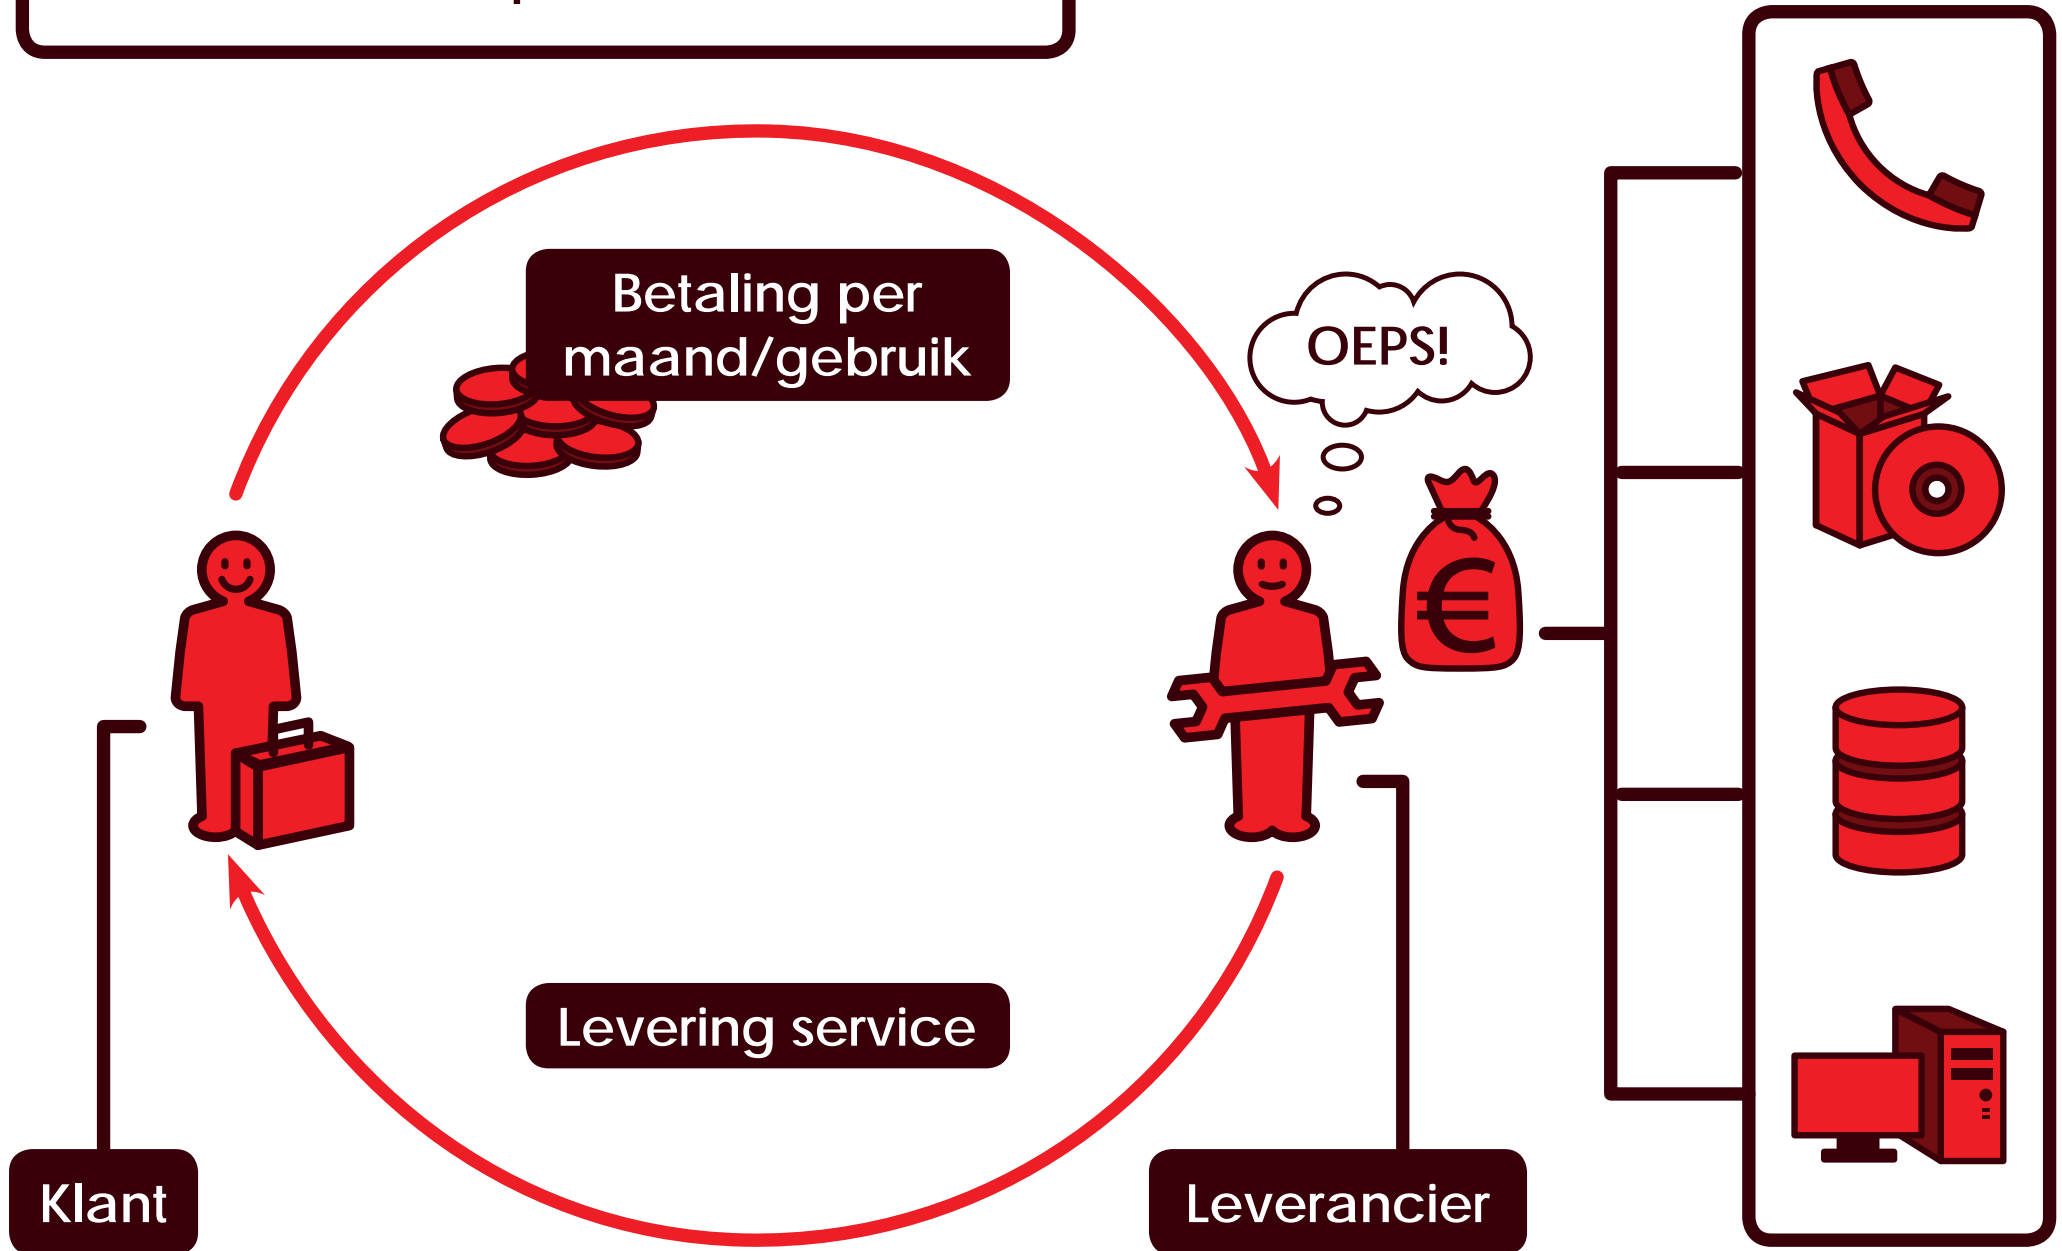

Klant gaat betalen voor gebruik,  
dus geen grote investeringen  
meer.

En..

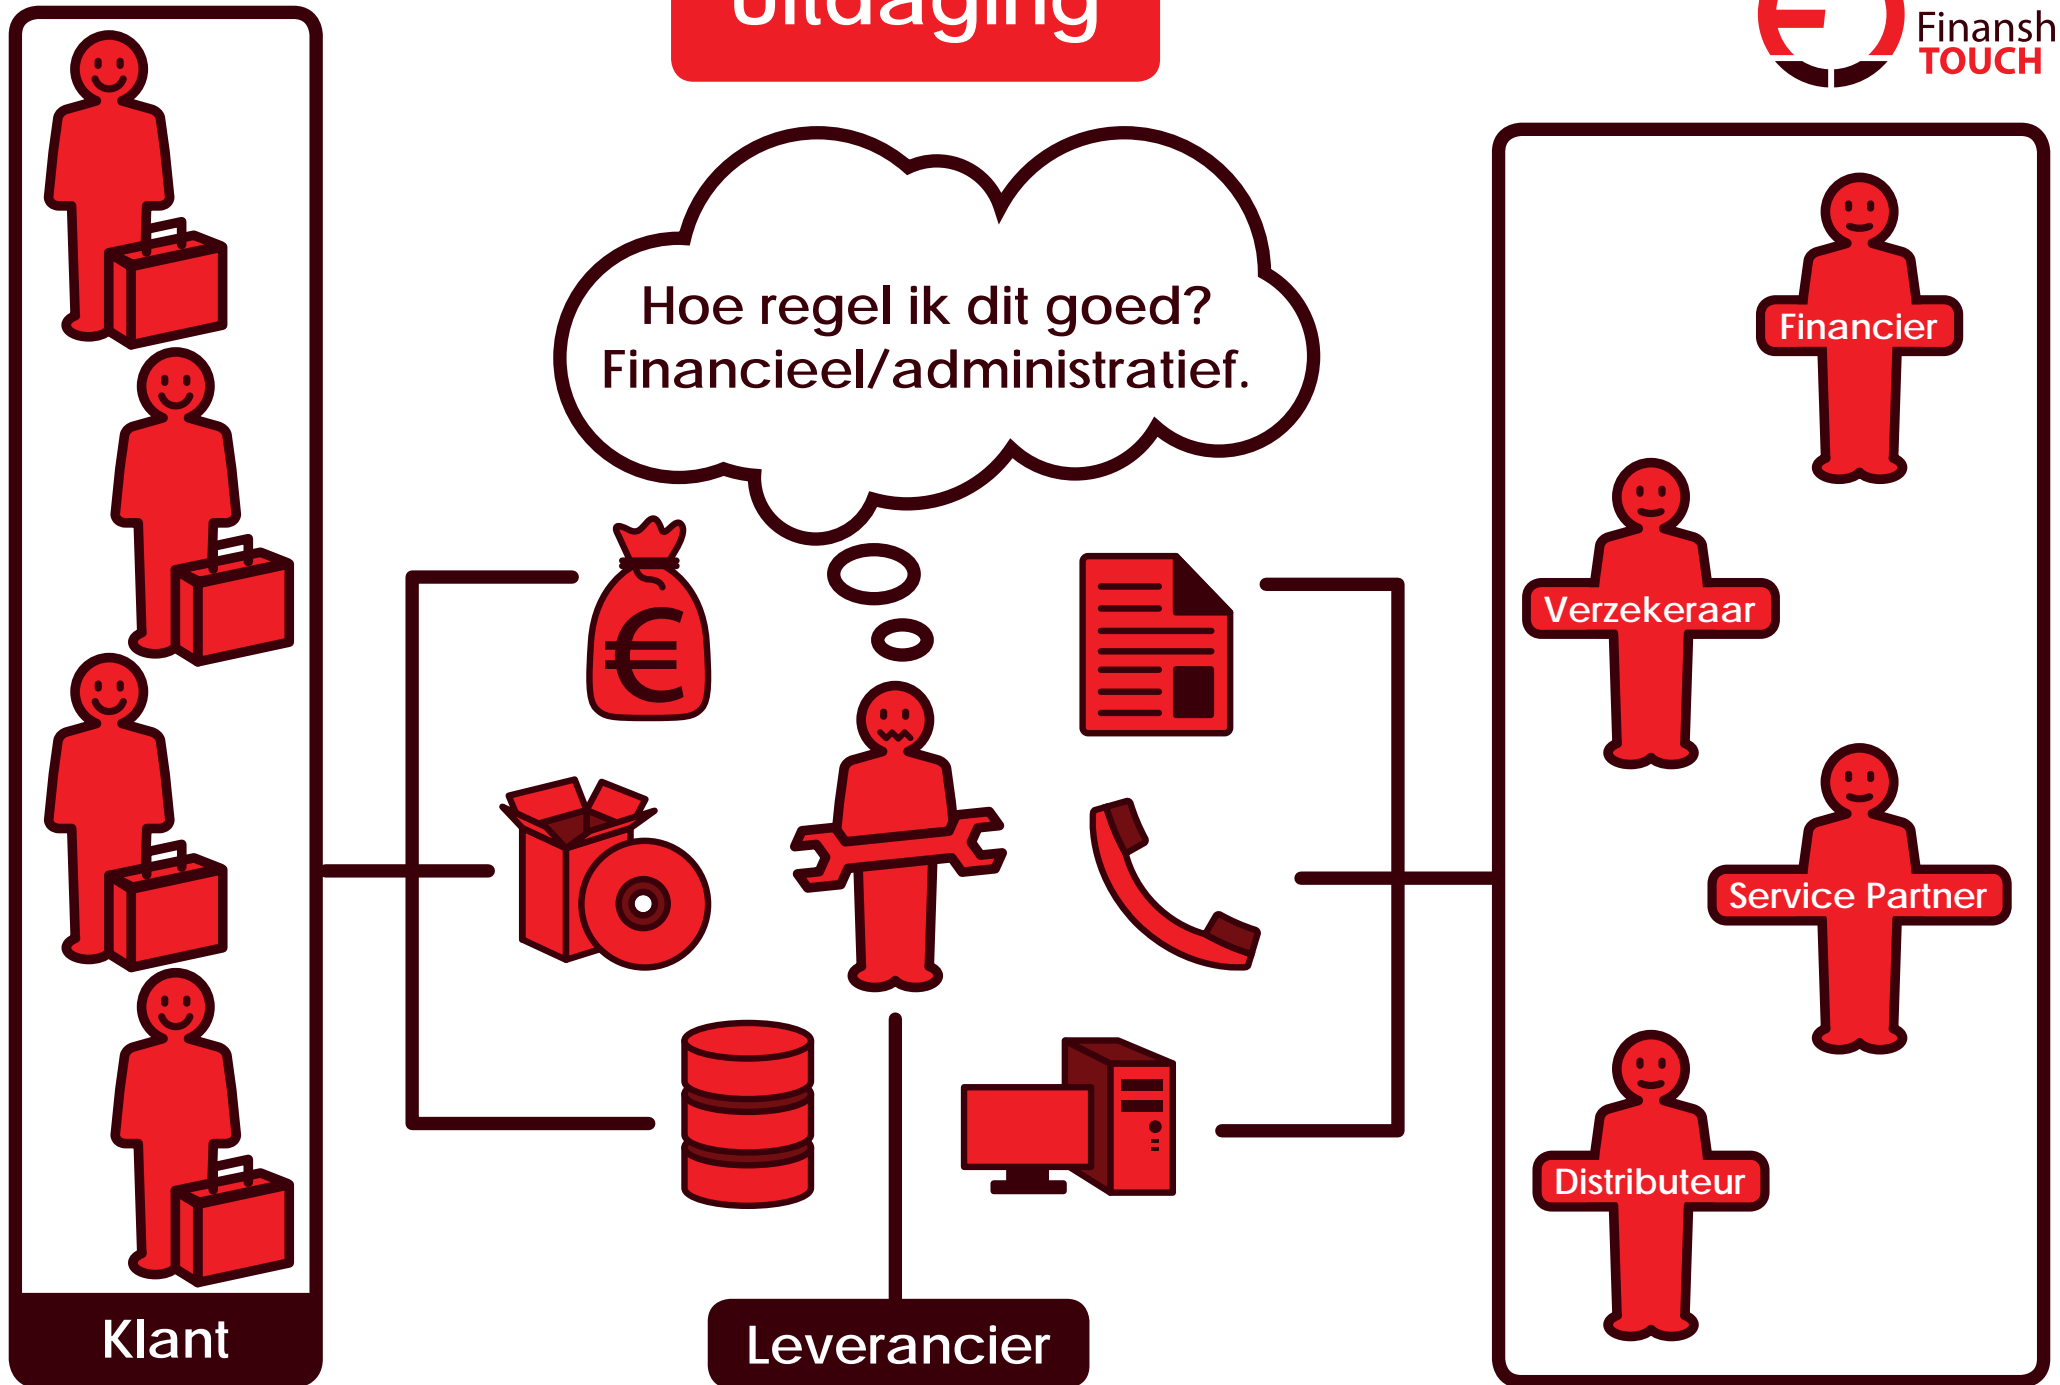

Leverancier faciliteert (ontzorging) en dient te investeren in infrastructuur, licenties en inkoop hardware.

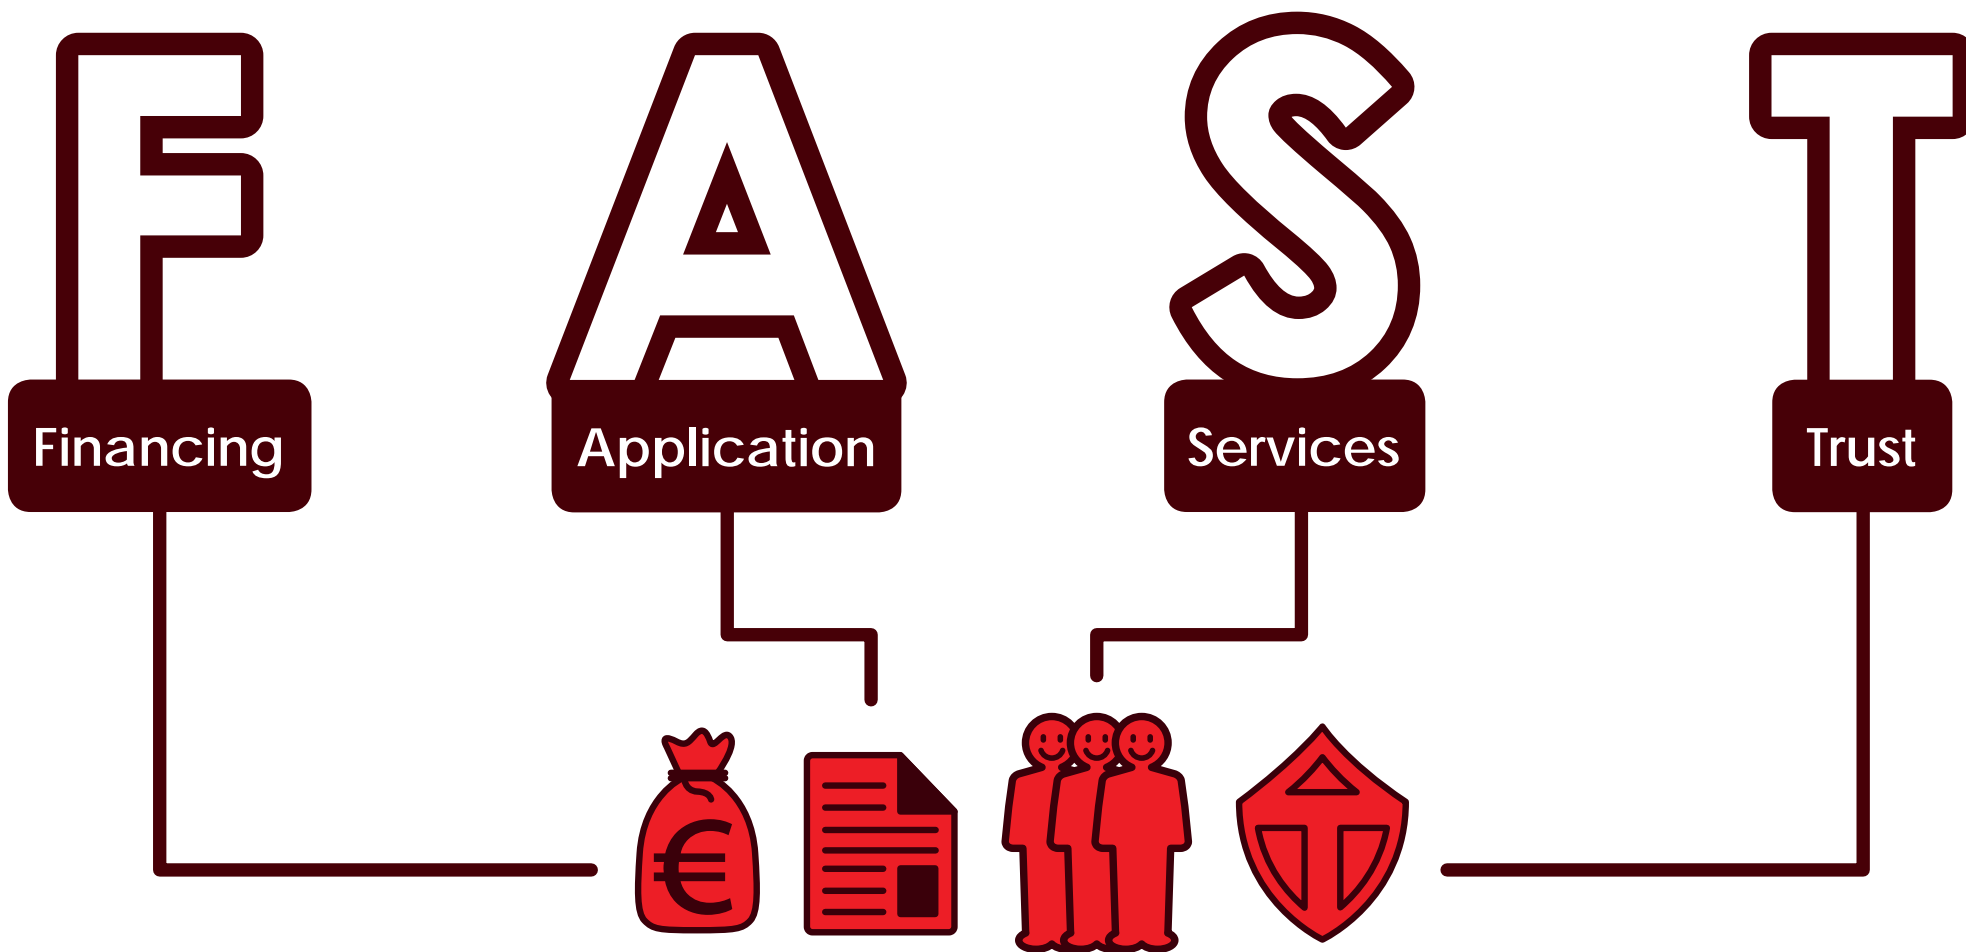

Nu..
